## Gratitude

*I wish to think everyone whom played a part in this book as we have accomplished much with it over time. I wish to think the Fayette County Main Library located in Lexington, Kentucky for their grateful assistance in helping me find what I needed to find in order to complete the interior in this book. I wish to think my parents, and my children for showing me the true meaning of family as well as the importance of family.*

## Sinking Heart

*Sinking heart of mine leave me be for my life is  
no ease; Plummeting down as I continue to go  
on.*

*The memory of you weighs on my mind as a  
stone.*

*They tell me to move on and put you off of my  
mind.*

*The time that we had was worth every dime.*

*As my sinking heart continues to pass on love  
your memories lives on within me.*

*I close my eyes just to feel myself slowly falling  
as I start to crash in this life.*

*I swallow trying to move forward every day with  
the thoughts of you on my mind just to find that  
you're the only thought on my mind.*

*I don't know what to do without you in my arms  
telling me that everything is going to be just fine.*

*Baby I can't get you off of my mind for the  
vary time that we had in this life.*

*I cry myself to sleep every night just so that I  
can try and get by in this life without you by my  
side.*

*On this reason my love for you will never be  
denied.*

*I pray that you have the best of times on the  
other side of this painful life.*

## The Peace

*Trees in the forest swaying back and forth like  
the waves in the ocean saying calm, and silent in  
its ways to be in true peace;*

*We truly know that a life's mystery has been to  
change us into new people as we travel in this  
life;*

*We must now know about the truth in thy word  
and thy fight.*

## *The Pain of Love*

*The pain of love is like that gut-wrenching feeling that you get in the pit of your stomach when you see something that you can't have for yourself;*

*The pain of love has ways to surprise you when you least expects it to do so:*

*The pain of love you can never know until you experience it yourself;*

*The pain of love is like a river rushing through your heart at a thousand miles per second;*

*The pain of love is that thing that you can never get rid of;*

*Love is that never ending feeling of longing for that one thing that you can never have in this life.*

## The Ghost

*The ghost that we can't get rid of;*

*The ghost that never goes away;*

*The ghost that lies with us day and night;*

*The ghost of the future that is yet to come;*

*The ghost that we never expect to touch us;*

*The ghost that haunts us;*

*The ghost that will stand on our shoulder's no  
matter how many wrong roads we take.*

## My Crying Heart

*My heart cry's over you my dear;*

*My heart aches over you my dear; I  
rise up my arms and hands over you my dear;*

*I want nothing more than to be with you  
my dear;*

*My heart is crying because of you my  
dear;*

*Will you stand by my crying hart my  
dear?*

## Oh Lord

*I sing a song for Lord;*

*I pray to you Lord;*

*I need you oh Lord;*

*Save me oh Lord;*

*Carry me oh Lord;*

*Please help me oh Lord as I have sinned oh  
Lord;*

*I can't be perfect oh Lord;*

*I pay for my soul that you keep oh Lord;*

*Please don't forget me oh Lord;*

*I know that you love me oh Lord;*

*Please bless thy oh Lord;*

*Thank you for being my best friend oh Lord.*

## Peace of Mind

*The peace that lies in my mind will never be  
aligned;*

*The peace that lies in my heart is the way that I  
get my wonderful peace of mind;*

*Peace of mind as I have never had in my life;  
The peace of mind that I wish I always had on  
my mind.*

## Bleeding Heart

*The bleeding heart that lies beneath us all will  
always bleed through our shields that we thought  
that no one ever seen through;*

*We put up the walls to create a protective  
barrier just that we can no longer be hurt in our  
ways, but life as we know it is that barrier that  
we all build to prevent us from accomplishing  
our very own dreams;*

*As it seems to be in many dreams they vanish  
along with our bleeding hearts when we truly  
find love among the stars in our lives.*

## Heart

*Heart of gold;*

*Heart of steel;*

*Heart of yours;*

*Heart of liquid;*

*Heart of mine doesn't freight the mind;*

*Hearts of mystery don't mystify my life;*

*Heart of peace loves all life;*

*Heart of joy rejoice in thy Lord, Heart of hatred  
don't be so harsh;*

*Heart of life is free as I am in you.*

## Blind Love

*They call it blind;*

*They call it love;*

*Is love not blind?*

*Is love not honest?*

*Is love not real?*

*Does love not thirst?*

*Does love not hunger?*

*Is love not life?*

*Is love not boastful?*

*Is love not true?*

*Is love not everywhere?*

*Does love not integrity?*

*Is love not peaceful?*

*This is why love will always be blind in the eyes  
of the beholder.*

## *Table*

*Table so round and brown;*

*You just flop around making funny sounds;*

*Unsteady and unsound in your ways to be so  
round;*

*Will you please turn my frown upside down for  
the rain is still coming down all around?*

## Amazing

*Amazing in your ways as you is in your honors  
of today's world;*

*Straight in your heart as you travel life's  
loneliest roads;*

*Amazing powers that you hold is all in the hope  
that you found in life's failures;*

*As amazing as you are I found my a way to be  
happy through the love in your eyes as in your  
heart;*

*I say that you are the most amazing love that I  
could ever hope for in my travels on lives  
loneliest roads that may always be broken  
pavement as I go on with this life of mine.*

## Feared Love

*Fearing love and what it's made of;*

*Oh feared love of mine running away as I write  
this for you;*

*I fear the love that I give you because it may  
never be enough to please you;*

*Feared love of mine is it the feared love of yours;  
as we never let anyone into our hearts;*

*Is that just our feared love that we continue to  
deny with all our might?*

*This is the feared love that we have no choice, but  
to fight ever night that we are alive;*

*For without feared love we many never find true  
love in this world tonight.*

## Chains

*The chains that hold me down is the chains that  
will never fail;*

*The chains that baring me burdens and heart  
ache is the chains that I wish to expel;*

*The chains that I least expected to become my  
life is the chains that is now who I am;*

*Chains of death and suffering;*

*Chains of pain and respire; chains that have the  
hold on me;*

*Chains of addiction;*

*Chains of failure;*

*Chains that we all never expect to change us as  
people;*

*The chain that sets you free when you find love  
in Lord Crist Jesus is the one that embrace us  
every day.*

## *I wrote a letter*

*I wrote a letter telling you how much I miss  
you;*

*I wrote a letter telling you that my heart aches  
for you;*

*I wrote a letter to tell you that I don't know how  
to live without you;*

*I wrote a letter to tell you that I need you;*

*I wrote a letter to tell you that I need you to be  
here for me day and night;*

*I wrote a letter to ask you to come into my life  
Lord;*

*I wrote a letter to ask you for your forgiveness;*

*I wrote a letter to tell you that I am sorry that I  
had forsaken you when you stood by me;*

*Lord I wrote a letter to become closer to you.*

## The Test

*Go ahead pull it out like you don't even care,  
through it on the ground and stomp on my heart  
like there is no tomorrow;*

*I don't care anymore as you played me like all  
the rest;*

*Just leave me alone and get off my chest for you  
cost your chance;*

*When you get done with shredding my heart put  
it back in my chest torn and tattered like all the  
rest, but remember this I once was the nicest one  
that you could spend forever with;*

*Take this test;*

*Leave like all the rest and see how fast you  
regret not taking the chance;*

*Now it's time for me to create a new test to see if  
I will ever find someone to complete the test to  
win my heart unlike all the rest.*

## Thinking of you

*Thinking of you in my arms tonight;*

*Thinking of you in my life day and night;*

*Thinking of you in ways that I never thought  
possible;*

*Thinking of what we could have;*

*Thinking of things that I may never have;*

*Thinking of you all of the time;*

*Baby got you on my mind;*

*Thinking of you day and night as I fight this  
feeling that I have;*

*Maybe it's our time to shine our light into the  
stares of the sky, and give up on this fight that  
we have in this life to find true love;*

*We may never find that love that we are looking  
for if we stand still tonight;*

*For without taking a chance we may never be  
happy in this life;*

*Therefore I will always be thinking of you in my  
arms tonight.*

## *Shaky Ground*

*Unsteady ground under my feet, rumbling with  
a great force underneath;*

*Making my mind twist and a mess as the  
ground continues to shake;*

*Hurting for life;*

*Hurting all over and unsound in my pains that  
are unfound, hurting over my frown;*

*Hurting over you;*

*Hurting in my heart for I'm losing my mind  
with that of a broken heart.*

## *Reflections*

*Reflections of the past;*

*Reflections in this life;*

*Reflections of time may be our life as the day  
will pass;*

*Our life may not be worth a dime without the  
Lords perfect light;*

*Reflections of this time that has passed is the  
reflections that we will never get back;*

*Without the reflections of the past we may  
truly never find paradise.*

## Blind Eye

*It's cold and wet tonight:*

*I can see my breath as I close my eyes;*

*Nowhere to go;*

*Nowhere to turn;*

*I own no coat;*

*I need to shave;*

*I need a place to stay; I*

*Need a new way of life;*

*I feel the pain that I can no longer hide;*

*I dream of a nice warm place to call mine;*

*I cry for the day that this ends for the final  
time;*

*I take in a deep slow breath and open my eyes;*

*As I lie here tonight I wonder if I'll ever find a  
true love in my life;*

*My heart hurts because they just walk by with  
a blind eye;*

*When I go into places with my bags I hear the  
whispers behind my back;*

*See me for me;*

*I'm not asking you to help me, feel sorry for me;  
I bleed as you do;*

*I feel as you do;*

*I dream and hope as you do;*

*This was not my bidding;*

*This was the bidding of many things not of my  
control;*

*Yes I have a past as do you;*

*Don't judge me for what you see;*

*Ask me if you can get to know me;*

*I'm cold as you walk by;*

*You just turn your blind eye;*

*You could stop and ask are you okay when you  
see me crying, but you just turn a blind eye;*

*See me for me;*

*See me as a person for I may be here for you  
someday;*

*I could save your life;*

*Just open your eyes and maybe you will see that  
I'm not such a bad guy in this life that I wish  
was no longer mine.*

becomes a part of us;*

of a life for you are the only one that can fix  
what is broken within me tonight.*

## Seconds of life

*Counting down the seconds on by one tonight as  
I set here waiting on the time in my life to pass  
on as I wish to change many things of the past;*

*Dreaming of big things in my life just to find  
myself in a bind;*

*I ask the lord every day to change my life just to  
find that he can't mess with free will;*

*I hit my knees one last time to ask the lord to  
save my life;*

*As I think about laying down this pen and stop

from a bright far and wide;*

*This is my bidding and my life as I travel a path  
that I wish that was no longer my so called life;*

mine ?*

*Should I keep on fighting like I have; Failure  
is my path;*

*Is success at the end or disappointment ?*

*This is the questions that I must ask about my  
life;*

*Lord please stops this pain that I have;*

*For it is after all that life that I have in this set  
of simple time;*

*I just want a second chance at this life.*

slowly?*

*For may I have found my dream girl who has  
turned my frown upside down;*

*Is this the ever happy ending they show in the  
movies and write about in the fairy tells?*

*Is this what they call love or is it what they call  
forever happiness?*

*Are these the questions that I need to ask  
myself to make sure this is real?*

*Thank heaven for you as without you I may  
never see this frown turn upside down.*

*In you I found the flames*  
*of love*

*Flames of love as in the flames that lie in my  
heart tonight;*

*Peace and love for you as sweet as the number on  
cloud nine;*

*Connecting the lines of faith as the bible does  
for my mind;*

*Holding onto the strings of my life one by one as  
I try to catch my breath that will never be a  
friend of mine;*

*Love and laughter is the need of the world as my  
heart is in need of a love greater than the one here  
on earth;*

*Time carries me through this life as your love  
will never be forgotten in my life time;*

*You Lord alone are my strength, peace, hope,  
inspiration, weakness, and my sorely exceeding  
joy that I found in you alone my Lord;*

*For without you Lord I would have never of been  
lead to comfort in this life of mine;*

*This is to you as we walk side by side in this life.*

## Light

*Holding you tight ever single night that we  
fight over that damn light in the hall tonight;*

*You say it's too dark; I say there is too much  
light;*

*I got use to the fact that I will never win this  
damn fight, but one thing that I came to realize  
is that you spent most of your life in the light  
and I spent most of mine in the dark;*

*When you ask me to change the light in the hall  
tonight I said that I might and try find the  
time, but when you tried you burned your left  
eye;*

*I no longer get this damn pointless fight;*

*Why won't we just buy a fucking night light?*

## Unspoken

*The unspoken love;*

*The unspoken truth;*

*The way that I feel for you has no true value;*

*The unspoken dreams;*

*The spoken lies that I say to keep you from  
knowing that I can't take my mind off of you at  
this time;*

*I'm always there for you when you don't expect  
me to be;*

*You're blind to see that I am standing in front  
of you;*

*If you only knew how I feel about you;*

*The way that I want to hold you;*

*The way that I dream about you;*

*The way that I want to make your dreams come  
true;*

*The way that I want to kiss you;*

*The things that a real man should do;*

*The way that I love you for being you;*

*So I am asking this one thing of you;*

*Please open your eyes and see that I am  
standing right here in front of you.*

tonight;*

*Oh, Lord please hold me back before I do  
something that I'll regret for the rest of my life;*

*Lord my life of addiction has made me not right;*

*Lord please hold me back for my life may never  
go right;*

*Lord I beg you to take my addictions away;*

*Make them my vary past that I will never deny  
for you so loved me that you gave your only  
begotten son to save me;*

*I'm not worthy of your glorious path in this  
sinful life of mine;*

*Lord I ask you tonight to remember me as I lie  
here and slowly close my eyes for my addictions  
has taken my very painful life in a way that I  
wish they never have;*

*Lord please forgive me as I lie here and take my  
last breath tonight in hopes that I will wake to a  
new life as my time will slowly pass.*

## Hold on

*Hold on to me baby;*

*Hold on, and don't let go for we never know  
about tomorrow;*

*If it will come or it will go;*

*We'll never know;*

*I need you to hold me, and never let go for I  
can't do this all alone;*

*I need you home;*

*Don't go;*

*Don't leave me;*

*I don't want to be alone without you;*

*Baby please don't go;*

*Someone please help me carry on for I can't  
stand to be alone here at home;*

*How do I make it without you in my arms?*

*How do I make it without being in the same  
world as you?*

*Baby please don't go for I can't do this alone;*

*All I need is you to hold on;*

*Baby please hold on for the sake of our love;*

*I know that I just need to hold on for someday  
we'll see each other again in the house of the lord;*

*Baby I just need you to hold on for I don't  
know if I can do this alone without you in my  
arms tonight as we all must go at one point in  
this life;*

*Baby please just hold on a little longer for our  
time is short and I don't want to be apart.*

## For You

*I set here thinking of you day and night;*

*What was right?*

*What went wrong?*

*How I use to hold you at night;*

*Every night when I close my eyes I see your  
smile and the sparkle in your eyes;*

*I wronged you, you wronged me:*

*I can't stop thinking about the big fight;*

*They say that I can't talk to you anymore;*

*This is what I do I write a letter for you;*

*I said that I would never stop loving you;*

*I accused you of doing things that you didn't  
do; I yelled and screamed at you;*

*Was I wrong?*

*Yes;*

*Was there any excuse?*

*No;*

*If I could take my wrongs back I would;*

*I don't know about you;*

*I ask you to marry me and gave you a ring in  
your car;*

*I wish that it was more planned out, but I  
couldn't help myself;*

*This love that I feel for you is that never ending  
feeling that I will always live with;*

*No one else could ever make me feel the way that  
you did;*

*If I could make things right I would;*

*I pray day and night that you see this and read

## Rush of Life

*I rushed through my life until I forgot how to  
love;*

*I rushed through my life never doing anything  
right;*

*I rushed through my life until I could no longer  
see that clear path ahead of me;*

*Rushing to get to the other side to see if the  
grass greener, but come to realize that I became  
my own destructive path in this life;*

*Working day and night in order to strive for the  
wonderful life just to find that it was worth  
nothing without you there by my side;*

*They told me to spread my wings and fly;*

*When I tried I just fell from the dark blue sky;*

*I learned that nothing will ever be right without  
you at night;*

*I would love to have one last chance to change the  
past, but the time has gone and passed on as life  
can sometimes go into a world of its own;*

*I just wish that this one simple time that I could  
fix my past while I'm still in this life as I strive  
to correct my wrongs for now my time is long  
gone.*

## *Ring*

*The stars in the sky tonight have nothing on the  
love in your eyes for the mystery that holds us  
together is the mystery that keeps us apart;*

*The fear in our life is the fear that we get  
through together;*

*The ring that I put on your finger so that I can  
keep you around is the ring that sets our hearts  
apart;*

*Together and sound as I stare into your eyes the  
stares has nothing on you tonight;*

*Baby let's start this passion with love in our  
lives on this vary night.*

*There is a hope in your eyes that I can't deny  
my love;*
